To Whom It May Concern:

This letter is in support of the issuance of the Special Use Permit to build the proposed Wine and Viticulture Galleria Building at David Girard Vineyards. Approval for construction of this facility will further enhance the winery's special events, support job growth, and increase economic vitality of rural El Dorado County.

At this time more than ever, primary and secondary job growth is crucial to the well being of our community. This building will increase tourism to El Dorado County and in turn will create more primary and secondary jobs. Additional tourists will also strengthen our community's economic vitality. The more people drawn to our area, the more local businesses such as restaurants and hotels will succeed.

El Dorado County is a special area that thrives from Agricultural Tourism. The more support our community provides to our farms and wineries, the more rural and beautiful our county will stay. David Girard Vineyards has been a steward of our land, consistently enhancing our local economy while preserving our rural community. This Galleria will bring more visitors to our area, increasing our Agricultural Tourism and sustaining more of our farms and wineries.
